

## **RECORD KEEPING RULES EXPLAINED**

In the Summer season 2017-18 CVSA changed the way we administered swimming records. We now have a similar process to SNSW. CVSA changed from an event record process to an age process.

To simplify the acknowledgment of records, there will be one record for each of the following age groups for each stroke and distance.

The age groups are 9 & under, 10, 11, 12, 13, 14, 15, 16, 17/Over.

Records are updated after each CVSA Championship event in the Winter (SC) & Summer (LC) seasons

This means for swimmers that regardless of the event age group they are swimming in, they are able to break their own age group record as well as the Open record.

This process has made some prior records no longer applicable and these have been archived for future reference if required.
